PJ1 GOLDFIRE PRO 2-Stroke Racing Oil is designed for the serious racer who requires more efficient power for high revving greater horsepower 2-stroke engines. PJ1 uses only the highest grade of synthetics/petroleum oils with a special blend of additives to guard against piston scoring and cylinder wall scuffing as well as oxidation, and rust & corrosion. Provides less drag thereby improving throttle response, increasing power and allowing higher RPM.

APPLICATION AND PERFORMANCE:

- Designed for the serious racer.
 - Greatly extends the life of pistons and rings.
 - Lengthens engine's life by improving lubrication at elevated temperatures.
 - Extreme low coefficient of friction increases power and efficiency.
 - Eliminates spark plug fouling, sticking power valves and carbon build-up.
 - Protects against varnishing and sludge formation on critical engine parts.
 - Inhibits rust, corrosion and oxidation.
- Meets and exceeds all manufacturers' warranty requirements.
